DETAILED ACTION

Remarks

This is a response to the Applicant's Amendment submitted on December 22, 2005. By virtue of this amendment, claims 2, 6-7, 9 and 11-12 have been cancelled; thus, claims 1, 3-5, 8 and 10 are now remaining active in the instant application.

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Ms. Ji'in An on 03/06/06.

The application has been amended as follows:

- claim 8, Line 3, "a" (finger) change to - - the - -;
- claim 10, line 1, "then sensor" (according to claim 1) change to - - the authentication device - - ;
- claim 10, line 2, "the sensor" change to - - the piezoelectronic protruding element- -.

Drawings

2. The drawings were received on May 21, 2004. These drawings are accepted.

Allowable Subject Matter

3. Claims 1, 3-5, 8 and 10 are allowed.

Reasons for Allowance

4. The following is an examiner's statement of reasons for allowance:

Prior art fails to disclose or suggest the combination of the limitation as set forth in the claim: the piezoelectronic element detects a fingerprint and variance in friction when relative movement between the piezoelectronic element and a finger occurs, the detection circuit section generates a signal representing a variance in friction between the piezoelectronic element and the finger based on the detected fingerprint, and the authentication section authenticates the identity of a person based on time-series output voltage data representing variance in friction generated by the detection circuit section as in independent claim 1.

Claims 3-5, 8 and 10 are allowable for the reasons given above because of their dependency status from independent claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
